

Sheffield Faiths Forum

Recruiting new members now!

Do you want to work with members of other faith communities on issues of common concern and interest for Sheffield?

Sheffield Faiths Forum is looking for faith members with good links within their communities, who want to bring the positive expertise, perspectives and experience of faith communities into decision making, planning and delivery in Sheffield.

Forum members sit for three years, so each year we look to recruit 4-5 new members. This year there are seats available for members of Christian, Muslim, Jewish and Sikh communities, plus one for members of faith communities not listed in the 9 faiths recognised by national inter-faith bodies.
